

Mississauga City Staff Raise \$221,605 For United Way

7 Things you must know before putting your home up for sale

A new report has just been released which reveals **7 costly mistakes** that most homeowners make when selling their home, and a **9 step system** that can help you sell your home fast and for the most amount of money.

This industry report shows clear how the traditional way of selling homes have become increasingly less and less effective in today's market. The fact of the matter is that fully three quarters of homesellers don't get what they want for their homes and become disillusioned and - worse - financially disadvantaged when they put their homes on the market.

As this report uncovers, most homesellers make **7 deadly mistakes** that cost them literally thousands of dollars. The good news is that each and every one of these mistakes is entirely preventable. In answer to this issue, industry insiders have prepared a free special report entitled "The 9 Step System to Get Your Home Sold Fast and For Top Dollar."

"I know our employees will continue to give generously to support those who need it most."

Over the course of 2017, employees donated and raised money through fundraising events including The Mayor's Purse and Accessory Sale, chili cook-off, grilled cheese and soup day, an internal pledge drive, paid dress-down days and bake sales.

"As an organization, we have a strong history of supporting the United Way of Peel Region and helping those in our community," said Janice Baker, Mississauga City Manager and Chief Administrative Officer. "I couldn't be prouder of our team spirit and generosity for such a

worthwhile cause. I encourage everyone to volunteer and give what they can."
