

Construction Activities Have Commenced On Emerald City's Final Block

Since breaking ground on Block C of Emerald City on February 14th, construction activities have commenced.

Block C, comprised of The Peak, The Point, and Lumina, is the final block of ELAD Canada's celebrated Emerald City community.

With a proud history of consistently delivering buildings on time, the three buildings of Emerald City's Block A are fully occupied, as is The Colours of Block B. The remaining two buildings of Block B are already sold out, with construction well underway.

Emerald City's remarkable

success is evidenced by the strong sales of The Peak (which launched in March 2017) and The Point (which launched in July 2017), with sales of Lumina underway.

Lumina, the final building to join the Emerald City community in North York, was conceived by ELAD Canada and designed by WZMH architects to be the ultimate reflection of the vibrant neighbourhood in which it resides.

Located moments away from Fairview Mall and the Don Mills subway station, with close proximity to the city's major arteries: Highway 401, 404, and the DVP, Lumina is perfectly positioned to offer a sophisticated,

dynamic lifestyle, surrounded by some of the best shopping, dining, and entertainment around.

Lumina is the final opportunity to own a new condominium in ELAD Canada's illustrious Emerald City. Visit the Presentation Centre on Sheppard Avenue, just east of Don Mills across from Fairview Mall to learn more.
