Predictions for the week {13th May to 19th May 2018}

**Number 1 {SUN} {Those born on the 1st, 10th, 19th and 28th in any month}**

Enjoying the brisk pace at work without actually knowing it that you are 'working' is a born talent you possess. So be it. Those who matter may take notice, without being too loud; let's face it, true appreciation is something which is difficult to come by these days. Eventually, however, you shall enjoy what you deserve.

Lucky Days: Wednesday and Saturday.

**Number 2 {MOON} {Those born on the 2nd, 11th, 20th and 29th in any month}**

Being distraught and insecure about a relationship won't make matters any better; if somebody has to stay with you, they will. You probably need to try and find some fault in yourself, instead of blindly passing the buck. So remember, the

'buck' stops here. On the material front, there is nothing much to cry home about, either. So sit back and enjoy so many things others would envy you for. Lucky Days: Wednesday and Saturday.

**Number 3 {JUPITER} {Those born on the 3rd, 12th, 21st and 30th in any month}**

Torn between your commitment to work and the same to family, the latter is what you should probably choose this post-festive season.

You are a genius when it comes to balancing your work, but may not be so at the personal front; but you already knew this much, didn't you? Lucky Days: Tuesday and Friday.

**Number 4 {URANUS} {Those born on the 4th, 13th, 22nd and 31st in any month}**

There exists a plutonic relationship between you and an old friend, which may need to be re-fueled; after all, some friends are forever.

Those in computers, research or analytical work may expect recog-

niton for their pain-staking efforts they have been putting for a while from now. Financially, things may look up, but so does your never-ending list of requirements.....

Lucky Days: Wednesday and Saturday.

**Number 5 {MERCURY} {those born on the 5th, 14th and 23rd in any month}**

Indecisive about where to head because of your versatility and flexibility, you should leave multi-tasking for later; first try to master any one field, other things will follow suit later. Keep a tab on your health, especially eating habits; being fatigued with work may make you over-eat, most of the times, the wrong things.

Lucky Days: Monday and Tuesday.

**Number 6 {VENUS} {those born on the 6th, 15th and 24th in any month}**

Those who are single may meet someone interesting; waiting for a signal, and then making a move

would be wiser, don't just rush into the design. Finances are settling down, but avoid get-rich-quick schemes or being hasty could prove perilous. Your meticulous way of functioning will enable you to complete any task you undertake, knowing, sooner or later hard work pays.

Lucky Days: Tuesday and Friday.

**Number 7 {NEPTUNE} {those born on the 7th, 16th and 25th in any month}**

Due your boldness, you can prevail over obstacles with ease and elegance. When in charge, you usually command respect and following many would simply be envious of.

You should even try to take up any new pact coming your way.

So try to make best of the high offices, remember, the more the power, the greater the responsibilities

Lucky Days: Wednesday and Saturday.

**Number 8 {SATURN} {those born on the 8th, 17th and 26th in any month}**

A more sporty approach towards a predicament could reduce the uncalled for pressure built around you; a cozy set up could bring the best out of you. Loved ones could do better with a little more attention and love, which any which ways exists; so show it, for all it means. A treasured wish could possibly come true, making you believe once again in miracles, which do happen to so many people.

Lucky Days: Monday and Tuesday.

**Number 9 {MARS} {those born on the 9th, 18th and 27th in any month}**

If you have been feeling guilty about a certain commitment you couldn't keep, try telling yourself that you would do a better job next time out. In a race, there can be only one winner, which does not necessarily disgrace the other participants; wait for your time to come, and you would be able to accomplish more than you could chew.

Lucky Days: Tuesday and Friday.
