Predictions for the week {20th May to 26th May 2018}

Number 1 {SUN} {Those born on the 1st, 10th, 19th and 28th in any month}

A mild awakening or a wakeup call would herald a new beginning of something you have wanted to finish for quite some time; the prerogative is yours as the ball is in your court.

It's a privilege for many to be in your company, so try not to disappoint them; some of them look upon you with reverence, and also some expectation.

Lucky Days: Sunday and Friday.

Number 2 {MOON} {Those born on the 2nd, 11th, 20th and 29th in any month}

There could be a sense of fulfillment; perhaps a dream you cherished could hold true. The resultant happiness could emotionally recharge your batteries.

Spinning jest into tacky situations could help release the tension, and

inject life into those concerned.

Lucky Days: Sunday and Friday.

Number 3 {JUPITER} {Those born on the 3rd, 12th, 21st and 30th in any month}

The out-goings would astonish you, which is a good thing, as even a king's ransom would not last forever. Being generous with cash is one thing, and disrespecting it is another.

Try to cut some corners, if you want to continue enjoying the splendors for longer time.

Stay away from junk food and over-eating, you know that we eat to live, and not the other way around!

Lucky Days: Monday and Thursday.

Number 4 {URANUS} {Those born on the 4th, 13th, 22nd and 31st in any month}

Legal issues could take the steam out of you, so you need to avoid, if you can, litigation at all times; it's a time for reconciliations and spending your energies in something more constructive.

At this stage, you have lot of life in your deeds and ideas, so you need to perhaps speak to a younger family member who needs some attention, inspiration and motivation.

Lucky Days: Sunday and Friday.

Number 5 {MERCURY} {those born on the 5th, 14th and 23rd in any month}

Fighting for your rights is a good thing, only, it's probably not the proper time; timing is so very important, a false start can even disqualify the best.

Leisure time is over folks, as work summons you smilingly, with open arms. After all, without this essential grind, life would be so slow and boring, what say?

Lucky Days: Wednesday and Thursday.

Number 6 {VENUS} {those born on the 6th, 15th and 24th in any month}

Being weary with work can make you jittery, but only you can master this. At home, an elder would expect

some more time and attention, so be it, as what we sow, and we eventually reap the same crop.

In matters of finance, if you do not go for wild-cat schemes, there should not be much to fear for.

Lucky Days: Monday and Thursday.

Number 7 {NEPTUNE} {those born on the 7th, 16th and 25th in any month}

You may probably get in touch with an old acquaintance, relive the nostalgia, and shake a leg a little here and there. At least this will help you overcome restlessness, even if momentarily.

Those on the lookout of a better job may get feelers, and if there is an opportunity, it could be worth it. Before taking the plunge, you need to work on the logistics, off course.

Lucky Days: Sunday and Friday.

Number 8 {SATURN} {those born on the 8th, 17th and 26th in any month}

Those who are self employed may

expect work from different pastures.

Finances could be a little cause of apprehension, but maybe it could be just temporary. This could settle down, in a few weeks, but avoid get-rich-quick schemes.

Relations with a close one could get mended, but not without some added effort from your side.

Lucky Days: Monday, Wednesday and Thursday.

Number 9 {MARS} {those born on the 9th, 18th and 27th in any month}

Not the one to face criticism easily, you could flare up in such situations; but you also know your true worth, and have proved yourself in the past.

A rational approach would be the saving grace, if you want to come out of such a position.

Once you are back in the reckoning, there would be lot more of enjoyment and activity, just like the old times.

Lucky Days: Monday and Thursday.
