

Priyanka At VillaMix To Cheer Nick Jonas

BRASILIA: Priyanka Chopra was in attendance to support singer Nick Jonas as he performed for the crowd at the VillaMix Festival, here. The actress also shared a video from the concert on her Instagram story writing "Him" alongside the clip and adding a heart eyes emoji.

While watching Jonas perform on-stage at the VillaMix Festival in Brazil on Saturday, the actress, 35, let the world know exactly what she thought of the musician's performance, reports people.com.

As the two made their relationship Instagram official earlier this week, the "Chains" singer shared a video of Priyanka laughing and smiling on his Instagram Story. Using the same emoji, he simply captioned the clip: "Her."

Chopra, who was wearing a sparkly top that showed off just a hint of her midriff, was also spotted smiling throughout the show as she documented some of the musical moments on her phone.

The two recently jetted off to Brazil

after spending a week together in India, where they attended Aksha Ambani and Shloka Mehta pre-wedding bash. During their stay in India, Priyanka also called the "Jealous" singer one of her "favourite men," snapping a picture of him on the beach.

Priyanka also used their getaway to introduce Jonas to her mother

Madhu. "They're very happy," a source close to the couple told people.com at the time, adding, "It's getting serious."

Prior to their overseas trip, the actress accompanied Jonas to his cousin Rachel Tamburelli's wedding in New Jersey, according to photos obtained by the Daily Mail.

Sonali Bendre Battling 'High Grade' Cancer

MUMBAI: Actress Sonali Bendre on Wednesday shared that she has been diagnosed with a "high-grade cancer", and is undergoing treatment in New York.

Ever since the actress posted the news about her health on Twitter and Instagram, prayers and wishes have been pouring in for the actress from the film fraternity.

In a long post, Sonali said: "Sometimes, when you least expect it, life throws you a curveball. I have recently been diagnosed with a high grade cancer that has metastasised, which we frankly did not see coming.

"A niggling pain led to some tests, which led to this unexpected diagnosis. My family and close friends have rallied around me, providing the best support system that anyone can ask for. I am very blessed and thankful for each of them," she added.

The actress, who made her debut in the Hindi film industry with "Aag" in 1994, recently stepped down from judging a reality TV show "India's Best

Dramebaaz". Actress Huma Qureshi stepped into her shoes.

And this seems to be the reason behind her exit from the show. She is undergoing treatment in New York, and is optimistic about the future. Sonali is married to producer Goldie Behl. They have one son Ranveer together.

"There is no better way to tackle this, than to take swift and immediate action...What has helped has been the immense outpouring of love and support

I've received over the past few days, for which I am very grateful. I'm taking this battle head on, knowing I have the strength of my family and friends behind me," she added.

The news shocked stars, who took to Twitter to express their views.

Sonali has starred in films like "Dil-jale", "English Babu Desi Mem", "Duplicate", "Major Saab", "Sarfaroosh", "Kal Ho Naa Ho" and "Hum Saath - Saath Hain".
