## Mississauga Open House On Transportation Master Plan

MISSISSAUGA: The City is seeking input from residents and stakeholders on the draft version of its first long-range Transportation Master Plan.

Beginning in 2017, the City's Mississauga Moves project asked the community to share their thoughts on the future planning of roads, sidewalks, trails and transit. This input was considered along with research and data analysis to develop a plan to guide the City's investment in and stewardship of the transportation system this year to 2041.

The draft Transportation Master Plan offers a vision of 'Freedom to Move' for the future of transportation in Mississauga, achieved through the pursuit of six goals:

- Safety: freedom from harm
- Inclusion: freedom from barriers
- Integration: freedom of choice
- Connectivity: freedom of access
- Resilience: freedom to evolve
- Health: freedom to flourish

Nearly 100 action items are proposed that can move Mississauga toward these goals. The draft plan is available for comment online at www.mississaugamoves.ca until February 4, 2019.

The City will also host an open house and drop-in centre for anyone wishing to engage in person with the team or review the Plan highlights in print.

The City will review the feedback and make any appropriate revisions to the Plan before presenting the final version to Council for approval in spring 2019.

the presentation boards and provide written comments.

Open House and Drop-in Centre for Transportation Master Plan:

Tuesday, January 29, 2019  
Open House  
3 – 8 p.m.
