

Fakhri's 'Amavas' to release on Feb 1

MUMBAI: Actress Nargis Fakhri's "Amavas", which was due for release on January 11, will now hit the screens on February 1. The delay is due to visual effects and post production related work.

The film's director, Bhushan Patel, said in a statement: "We are trying to achieve top-class VFX and that is little time consuming. We do not want to release the film haphazardly and want to ensure that the end product is up to the mark."

In the past, Patel has directed horror films like "Ragini MMS 2", "1920 Evil" and "Alone", apart from some television series.

"Amavas" is a horror film. It also features Sachin Joshi, Vivian Bhatena, Navneet Kaur Dhillon, Mona Singh and Ali Asgar.

Rakesh Roshan Undergoes Cancer Surgery

MUMBAI: Actor-film-maker Rakesh Roshan, 69, on Tuesday underwent a surgery after he was diagnosed with early stage of squamous cell carcinoma, a type of cancer.

The surgery, as per doctors, went off well, his actor son Hrithik Roshan said.

Prime Minister Narendra Modi, apart from film fraternity members, prayed for Rakesh's good health.

Hrithik shared the news via social media on Tuesday morning, before the senior Roshan underwent surgery.

"Asked my dad for a picture this morning. Knew he wouldn't miss gym on surgery day. He is probably the strongest man I know.

"Got diagnosed with early stage squamous cell carcinoma of the throat a few weeks ago, but he is in full spirits to-

day as he proceeds to battle it. As a family we are fortunate and blessed to have a leader like him," Hrithik captioned the picture in which the fa-

ther-son duo have struck the same pose. The note drew speedy recovery and good luck wishes from Modi, the film fraternity and fans.

A post on the @narendramodi Twitter handle read: "Dear Hrithik, praying for the good health of Shri Rakesh Roshanji. He is a fighter and I am sure he will face this challenge with utmost courage."

To this, Hrithik responded: "Thank you sir for your concern and good wishes. I am very happy to inform that according to the doctors, his surgery has gone off well."

The family has a cancer survivor in Sunaina Roshan, Hrithik's sister. She fought cervical cancer and survived it.

Apart from his successful acting career, Rakesh Roshan is known for directing blockbuster films like 'Kishen Kanhaiya', 'Karan Arjun', 'Kaho Naa... Pyaar Hai', 'Koi... Mil Gaya' and the superhero 'Krrish' film series.
